

CARR NOT SEEKING LEGION POSITION

County Chairman Will Step Down in Event of Reorganization Under New Leader

George Wentworth Carr, chairman of the county committee of the American Legion in Philadelphia, will not seek re-election in the event three-fifths

of the posts decide to organize a new county committee under the terms of the constitution adopted at the Allentown cantonment. Since the organization of the Legion in Philadelphia, Chairman Carr has been an active figure. He put through the present system of organization under which the Legion has been developed by districts. The work of the county committee has been extensive during the fourteen months of his regime. As a recognition of his grasp of the situation he was offered the chairmanship of the constitutional committee in the Allentown cantonment, but refused. The Legion affairs will undoubtedly be under the supervision of a state

deputy commander for approximately two months between the formal dissolution of the present county committee and the authorization of the establishment of another committee. The David and Irving Clair Post No. 37, of which Michael Saxe is commander, has announced the following elective and appointive officers: Daniel Rubin, vice commander; George Ritch, adjutant; Benjamin Golder, representative of the county committee; Leon P. Clair, finance officer; Dr. Herman Max Ginsburg, historian; George Ritch, employment and insurance officer; Simon Malls, entertainment officer, and George Shapiro, athletic officer. The post meets the first Friday and

third Thursday of each month and has an enrollment of seventy members. Two Mothers Disappear Nine children, ranging in age from six months to thirteen years, are being cared for by two Frankford fathers following the disappearance of their mothers last Thursday. The missing wives are Mrs. Harry White, twenty-one years old, and Mrs. William Powell, twenty-eight years old, neighbors who live in the 2800 block on East Auburn

street. Postcards received from Atlantic City and Roxborough are the only clues as to the whereabouts of the women. City Needs More Nurses A shortage of nurses to care for the city's insane has led Health Director Furbush to ask the Civil Service Commission to waive citizenship and residence requirements in order to obtain the services of Canadian nurses.

WE ARE neither propagandists nor politicians, but we may justly and loudly voice an appeal for the speedy completion of the Frankford "L." Consider the hundreds of thousands of taxpayers who are in urgent need of its service! Consider, also, that this Northeastern community is the Heart of the Great Industrial Section of the entire country, and, as such, plays a vital part in the progress of the nation. We are proud of having helped in its growth and are anxious for the recognition of its rights.

A Tube that Holds Air Unfailingly A good inner tube is something vastly different than a piece of rubber tubing shaped to fit a casing—it is the studied solution of the problem of inflation. In the manufacture of balloon fabrics we encountered the inflation problem in its most difficult aspects, for balloon gas is much more elusive than air. The making of a gas-tight balloon-wall required the development of a layer-upon-layer construction so delicate that 32 layers are necessary to spread 4 ounces of rubber on a square yard of fabric. This layer-upon-layer principle of construction, with its freedom from porosity and imperfections, is embodied in the thick, powerful and elastic Goodyear Heavy Tourist Tube. Goodyear Heavy Tourist Tubes hold air unfailingly—you can get them, packed in sturdy waterproof bags, from your Goodyear Service Station Dealer. Their initial cost is no more than the price you are asked for tubes of less merit—why risk costly casings when such sure protection is available? GOOD YEAR HEAVY TOURIST TUBES
